Simulation simulatorthere are a lot of today's simulation games that are played. Most note, the Sims series is probably the most successful. Thanks to that series, other games began to appear suddenly. One focuses on life as a high school student in Japan. Sakura School Simulator APK of Garusoft Development Inc. is a popular simulation game that generated more than 5 million downloads in the Google Play Store. This seemingly simple school game has become apparent due to its wacky scenes, incredibly realistic graphics and quirky gameplay. When it comes to high school, everyone just wants to play in the game instead of in real life. If you're curious as well, read on! What is sakura school simulator? Imagine you're back in high school but instead of boring scenes, imagine just fun moments. This is what it means to play Sakura School Simulator! This fun and quirky simulator game for you if you're itching to go back to high school but don't want to just study. Sakura School Simulator is a popular simulation game for a high school girl who goes through embarrassing situations. It is up to you how these situations will be handled and turned into something positive. But you have to remember that every option you make in this game will have consequences. If you decide to settle problems on less friendly terms, you will be punished later. But if you settle it in a nice way, then you'll be rewarded as well. Apart from this, the characters live their daily lives in this game. This means you also need to eat, bathe and have fun. This means that your character will enter the bathroom as you wish. And if you are bored with one character, do not worry because the game allows you to control up to 4 different characters. Change characters easily with the help of a button but you can use only 2 characters at first. After you see the ads, you can then unlock the other 2 characters. Then, be prepared as you will face countless battles, and enemies will be equipped with weapons. Sakura School Simulator Features Sakura School Simulator is not a simple simulation game about high school. In this game, there is fun, action, romance and all the things you can imagine. Yes, it is different from any other simulation game you have made. But if you are still not convinced, here are the features: 4 characters to play - at the beginning of Sakura School Simulator, you can only play up to 2 characters. That's fine but you'll soon find yourself becoming curious to play another 2. But you have to see ads in order to unlock them. Each of the characterhas unique attributes and behavior. But ultimately, you will have the freedom to make them behave like ordinary students or delinquents. It's your choice! High-quality graphics – in terms of graphics, you can not be disappointed by this game. Sakura School Simulator is designed just like a high school anime In 3D! Almost everything in school is touch so you can play with it until you get bored. Then, the characters themselves are realistically designed so that you really feel you're in school. This allows you to have a lot of fun with the epic settings of the school. Endless gameplay - in this game, the concept of death does not exist. Even if you hit someone over and over again, they'll be amazed and wake up the next day, he hates you. But there are only 2 ways to play this game: be friendly or be a delinquent! It's your choice of what to do. Options – In this game, you are free to do what you want to do. But just remember that everything you do has consequences! You can choose to be a ruthless student but you will face more enemies this way. But if you're friendly, you can solve things faster. Customization – Sakura School Simulator allows you to customize poses so you can take silly and funny pictures of your characters. This is what makes this game so much fun aside from the main gameplay. Simple controls - since this game is one simulator, the controls are easy for everyone. The virtual joystick on the left side of the screen allows you to control the movement of your character and then on the right side, you will see buttons to attack, work, zoom, jump, and even jetpack! Apart from these, settings and other buttons are only at the top for easy access. Sakura School Simulator Mod APK - Unlock all the skins you want to play as a high school student fully responsible for your life? Sakura School Simulator is a game for you! But if you don't want to watch ads, just download open all mod skins now to instantly unlock all the characters plus other features! School is a place to gain knowledge and people become useful to society. But Sakura School Simulator is a completely different school, offering fun and fun experiences never seen in history. One of the funniest games when you enter the school gate, you will have to determine whether you are a good student or bad. Then let me enjoy this game your way. If you are a good student, it is just daily to school and difficult studies. After stressful school hours, try making friends, and doing the normal things that high school students often do. You can find yourself in love and enjoy the fun days. Children try to climb the highest rank of the best students as quickly as possible. Enjoy normal student life!!! If any of you have decided that you will be a bad student, there will be a lot of fun to do. You can go to the Yakuza office and borrow some weapons there. Your tense lessons will end with the fun you create with the tools you borrow. Don't worry too much when i mention the weapons in this game. Sakura School Simulator has no description of gore or death. So it was a perfectly quiet night, with no excessive violence. When you use the power of weapons or attack your colleagues with your bare hands, they will also be amazed. You will bite the character before he goes home to sleep and take some time to recover and return to school. They will certainly hate you a lot because of the time you play, and they must lie at home. As an attractive simulation game as I mentioned, Sakura School Simulator is a simulation game, so it will have many ways to solve the problem. First, the system will give you some awkward situations, and the player will have to solve them. Settled in merry, or settled into a mess, it's up to you. However, each of your actions leads to a different result. How the future changes depends on the player. Typical acts also occur in life. The characters in the game must also eat, bathe, and have fun. For men, this game allows you to take your heroine to the bathroom. Summary, of course, would not be nude scenes, but that too was attractive enough already. The character system is diverse and attractive when you access the game, you will be able to control four different characters. You can easily change their positions with the function buttons on the screen. In fact, you can only use the first two characters, but after the ad is displayed, you can unlock the other two characters. The enemy system is also very diverse, so your confrontations will be very attractive. These episodes will appear throughout the game through specific missions. You will also be equipped with weapons and tools to take part in a fun battle. You can turn your body size into a small or giant. Or you can also use an airplane package hovering around the campus. AdvertisementDownload latest APK version of SAKURA School Simulator Mod, a simulation game for Android. This Ministry of Defence has been de-secured. Download now! CAUTIONS* really useful setting for clean enjoyment: more than 3GB RAM and snapdragon 820In device case was no more than these specifications, the sport will not work easily. Change in laggy, turn off, decrease defect memories will happen quickly. If this trouble occurs quickly after the sport has begun, restart the sport or device, change the setting of lower university students and other effective people to enjoy clean. This sport enjoys makes use of a number of CPU and GPU, shutting down as many different functions as you have. There are two ways to enjoy this sport. (1) Make partners and lovers as you like. Get the fun of an excellent life for faculty members! (2) Go on the rampage as you like. Earlier in this attempt, borrow weapons from yakuza's workplace. You can simply get them in case you don't stop flying. Learn HELP inside sports when you will have some questions to enjoy. This sport is a simulation. Therefore, there are plenty of ways to defeat enemies. In fact, if you want to defeat them by yourself, you are able to do it simply. Instead, if you want to defeat them with weapons, actually you may. There are no blood descriptions within the sport. Individuals within the world of sports should only be thunderbolt but will not die. The From the demise of the non-existent on this mathematical system that individuals who were stunned will get up the next day, they're going to hate you. Maybe you can manage and change four players at a similar stage (2 are legitimate after watching ADS.). You will have some selections to talk (sentenses will change random). You can defeat enemies by simulation. You don't need to battle with enemies. Find ways. There is no end to the sport. Please make the terms as you like, and discover the preferred way to enjoy. We hope to benefit from this sport. The contents of this sport will be added after we have achieved new sports parts. Additional content must be proven as a new context on this web page.* NOTIFICATIONThough we used fashion character AOI and TAICHI on the sport, AOI is a non-free asset and TAICHI is a free asset. Anyone who needs to make sports contents and so forth can use this property. Thank you very much! Rub Chan (C) Biju MikeHere are some recommendations for you that game type that type game (you like this as well) check out this amazing game outside -green modbetter project, take a look at this mod as well: extreme landingThanks MOD to use APKWHALE. We owe you APKs.. 08:New police car, DoorShoji (props).06: -props save slot 100 - the limit on the number of props that can be installed is 300 (high-specification machines recommended.) - movement and rotation of props correspond to the long press of the button. * Due to specifications, scrolling will not work. - All props can be moved and rotated. Please check all. The course revolves around the player's location at the time of the check. Check the ad. Declaration
